The price of 179.950 euros includes construction, project fees of senior architect + technical architect direction, building license from town hall, geotechnical studies and concrete tests.

This price does not include the purchase of the land, water and electricity connections. We can build this project in Hondon de las Nieves or any of the surrounding areas. We can also provide the plots for you (we have plots in the area with water and electricity connections from 30.000€), or we can build this as "Off Grid" as well, if you prefer.

A swimming pool of 8x4 meters (+-12.000€) + concrete terrace can be added to the project for an extra cost, also a guest "casita", garage or barbecue can be quoted separately (please ask us for a quote without any compromise)
